My head is pounding. Yawning, I rub my hands over my face, and I'm surprised by the shiny gold band on my left ring finger. What the...

I'm **Mac**.

But you already know that, right?

You probably even recognize the sound of my voice...

Because I'm the radio host that wakes most of Sacramento up every morning. The sultry voice that blares out of your speakers when you're sipping your first coffee of the day, or driving to work, stuff in traffic. I'm the DJ that most of the

women in Sacramento lust after.

Everyone knows me, knows my reputation: ladies' man, bad boy, eternally single commitment-phobe.

I have my own reasons for needing to stay single, my own demons to battle with. Scars that don't show, but that stop me from getting close to anyone.

Except, after one hell of a drunken accident, I've woken up married. To a gorgeous green-eyed girl, **Kelley**, I only met yesterday in a coffee shop.

A killer hangover later, it turns out that this playboy is off the market.

But there are three problems:

- 1) I'm married to a girl I met less than twenty-four hours ago.
 - 2) No woman has ever been able to change my ways - who says that Kelley's going to be any different?
 - 3) Kelley must be the one lady in this city who *doesn't* know who I am - and that means she doesn't know about my past, about the issues that haunt me.
- So I might be taken, but the question is... for how long?

This is a full-length, standalone romance with some hot-under-the-collar action, no cheating and a guaranteed HEA. For fans of R.S Grey, Whitney G. and Vi Keeland, *Accidental Groom* features a sexy AF alpha and a steamy will-they-wont-they love story that

will have you completely hooked.

Download or Read Online Accidental Groom Dana Mason Free eBook PDF/ePub/Mobi/Mp3/Txt, The regular type of help documentation is really a hard copy manual that's printed, nicely bound, and functional. It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **accidental groom** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realize your accidental groom so overwhelming, you are able to go ahead and take instructions or guides in the manual individually. Select a special feature you wish to give attention to, browse the manual thoroughly, bring your product and execute what the manual is hinting to complete. Understand what the feature does, using it, and don't go jumping to a different cool feature till you have fully explored the actual one. Working through your owner's manual by doing this assists you to learn everything concerning your digital product the best and most convenient way. By ignoring your digital product manual and not reading it, you limit yourself in taking advantage of your product's features. When you have lost your owner's manual, look at product instructions for downloadable manuals in PDF
