A must read for fans of Ursula K. Le Guin and James S. A. Corey.

"There are few who write science fiction like Ann Leckie can. There are few who ever could." -- John Scalzi

Breq is a soldier who used to be a warship. Once a weapon of conquest controlling thousands of minds, now she has only a single body and serves the emperor.

With a new ship and a troublesome crew, Breq is ordered to go to the only place in the galaxy she would agree to go: to Athoek Station to protect the family of a lieutenant she once knew - a lieutenant she murdered in cold blood.

Ann Leckie's Imperial Radch trilogy has become one of the new classics of science fiction. Beautifully written and forward thinking, it does what good science fiction does best,

taking readers to bold new worlds with plenty explosions along the way.

The regular type of help documentation is really a hard copy manual that's printed, nicely bound, and functional. It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **ancillary sword** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realize your ancillary sword so overwhelming, you are able to go ahead and take instructions or guides in the manual individually.
