With her life hanging by a thread and Tate trying to kidnap her, she finds help in an unusual quarter - the man who put the narcoleptic memory block on her as a child. Yet the powerful hypnotist may not be all that he seems. It's difficult to trust a man who regularly hypnotizes his wife against her wishes, and who is much too interested in Jack's unnatural abilities.

With so much at stake, the last thing Hannah and Jack need is to be apart. Yet they cannot touch each other if they want to stay alive.

This thrilling conclusion to the 1st Freak House Trilogy will take you on an emotional roller coaster with twists, turns, highs and lows that will leave you gasping for breath.

A NOTE FROM THE AUTHOR:

The 1st Freak House Trilogy has been a real blast to write, and I hope you enjoy this conclusion to the series. The next trilogy gives Samuel Gladstone a starring role and pairs him with a woman with a dark past she would rather forget. I hope you'll consider picking up *THE MEMORY KEEPER* and rejoining some of your favorite characters from the first series and meeting new ones too.
