Intrigued by Polynesian folklore, biologist Thor Heyerdahl suspected that the South Sea Islands had been settled by an ancient race from thousands of miles to the east. He decided to prove his theory by building a boat using the materials that would have been available to those pre-Columbian sailors and duplicating their legendary voyage.

On April 28, 1947, Heyerdahl and five other adventurers sailed from Peru on a raft built from balsa wood, bamboo, and hemp. After three months and 4,300 nautical miles on the open sea they sighted land—the Polynesian island of Puka Puka.

Translated into sixty-five languages, *Kon-Tiki* is a classic, inspiring tale of daring and courage—a magnificent saga of

It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **kon-tiki** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realize your kon-tiki so overwhelming, you are able to go ahead and take instructions or guides in the manual individually. Select a special feature you wish to give attention to, browse the manual thoroughly, bring your product and execute what the manual is hinting to complete. Understand what the feature does, using it, and don't go jumping to a different cool feature till you have fully explored the actual one. Working through your owner's manual by doing this assists you to learn everything concerning your digital product the best and most convenient way.
