Meta is a simple mage apprentice girl who unexpectedly becomes the keeper of one of the powerful shards of Bregu.

After the destruction of her village and the death of those she loves, she seeks revenge on the person who dealt this infamous destruction, the dark mage. Yet instead of receiving an attack power from the shard, it gives her a **shape-shifting** ability that sometimes bring her into funny situations.

It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **metamorphosis** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realise your metamorphosis so overwhelming, you are able to go ahead and take instructions or guides in the manual individually. Select a special feature you wish to give attention to, browse the manual thoroughly, bring your product and execute what the manual is hinting to complete. Understand what the feature does, using it, and don't go jumping to a different cool feature till you have fully explored the actual one.
