But the elusive beauty is more suspicious—and in far more danger—than he expected. And the last thing Logan needs is to start caring for her....

Pepper has spent years dodging the corrupt club owner who will stop at nothing to keep her silenced. She can trust no one, not even the handsome new "construction worker" who's moved in next door. The heat between them is undeniable. But will surrendering to passion bring her the safety she so desires—or will her feelings for Logan draw them both into a killer's crosshairs?

The regular type of help documentation is really a hard copy manual that's printed, nicely bound, and functional. It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **run the risk** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realize your run the risk so overwhelming, you are able to go ahead and take instructions or guides in the manual individually. Select a special feature you wish to give attention to, browse the manual thoroughly, bring your product and execute what the manual is hinting to complete. Understand what the feature does, using it, and don't go jumping to a different cool feature till you have fully explored the actual one.
