With the aid of a SEAL team sent to extract the government employee, Piper flees with the only other known survivors—three young orphan girls. However, taking them with her to the States requires something drastic, something crazy...something she can't do alone.

*What started as a mission, soon becomes fate.* Since nearly dying on a previous op, Beckett "Ace" Morgan has no time for regrets. Life is far too short. So when he learns the brave, beautiful, selfless woman he's rescued has a better chance of getting three orphans out of the country if she's married, he doesn't hesitate. Ace marries her then and there, instantly gaining the family he's always wanted. With time, he knows his respect for Piper can grow into love, and meanwhile, he's saved both her and their new daughters from a fast-spreading rebel incursion.

Protecting his girls on foreign soil turns out to be the easy part of the team's mission. Protecting them from a threat waiting at home may be the biggest fight of Ace's life.
