Utilizing the voices of the conflict's most heroic figures, some immortal and some unknown, Jeff Shaara tells the story of America's pivotal role in World War II: fighting to hold back the Japanese conquest of the Pacific while standing side-by-side with her British ally, the last hope for turning the tide of the war against Germany. As British and American forces strike into the soft underbelly of Hitler's Fortress Europa, the new weapons of war come clearly into focus.

In North Africa, tank battles unfold in a tapestry of dust and fire unlike any the world has ever seen. In Sicily, the Allies attack their enemy with a barely tested weapon: the paratrooper. As battles rage along the coasts of the Mediterranean, the momentum of the war begins to shift, setting the stage for the Battle of Normandy. The first book in a trilogy about the military conflict that defined

the twentieth century, *The Rising Tide* is an unprecedented and intimate portrait of those who waged this astonishing global war.

BONUS: This edition contains an excerpt from Jeff Shaara's *The Steel Wave*.
