Dr. Dalton-Smith shares seven types of rest she has found lacking in the lives of those she encounters in her clinical practice and research-physical, mental, spiritual, emotional, sensory, social, creative-and why a deficiency in any one of these types of rest can have unfavorable effects on your health, happiness, relationships, creativity, and productivity. By combining scientific research with personal stories, spiritual insight, and practical next steps, SACRED REST gives the weary permission to embrace rest, set boundaries, and seek sanctuary without any guilt, shame, or fear.
