One of the most influential strategies of the Vietnam War, the *Stingray* Patrol comprised seven to ten marines in small teams, inserted by chopper deep in enemy territory. Surrounded on all sides by North Vietnamese Army troops and Viet Cong guerillas, these small, high-effective teams brought death and destruction to the enemy without ever going head-to-head in a gunfight with them.

Like today's Special Forces, Navy SEALs, Army Rangers, and Marine Force Recon units that operate behind enemy lines using laser pointers and satellite communications, these *Stingray* Patrols helped target the enemy for artillery and air

strikes . . . with devastating accuracy and effect.

Force Recon Marine and team leader Bruce "Doc" Norton participated in many *Stingray* missions and, now, through interviews, eyewitness accounts, and declassified documents, he takes the reader behind enemy lines, telling the full story of *Stingray's* origins and operations.

Stingray is the definitive history of these units and missions, available now for the first time in eBook format.
