"The best true spy story I have ever read."—JOHN LE CARRÉ

The celebrated author of *Double Cross* and *Rogue* *Heroes* returns with his greatest spy story yet, a thrilling *Americans*-era tale of Oleg Gordievsky, the Russian whose secret work helped hasten the end of the Cold War.

If anyone could be considered a Russian counterpart to the infamous British double-agent Kim Philby, it was Oleg Gordievsky. The son of two KGB agents and the product of the best Soviet institutions, the savvy, sophisticated Gordievsky grew to see his nation's communism as both criminal and philistine. He took his first posting for Russian intelligence in 1968 and eventually became the Soviet Union's top man in London, but from 1973 on he was secretly working for MI6.

For nearly a decade, as the Cold War reached its twilight, Gordievsky helped the West turn the tables on the KGB, exposing Russian spies and helping to foil countless intelligence plots, as the Soviet leadership grew increasingly paranoid at the United States's nuclear first-strike capabilities and brought the world closer to the brink of war. Desperate to keep the circle of trust close, MI6 never revealed Gordievsky's name to its counterparts in the CIA, which in turn grew obsessed with figuring out the identity of Britain's obviously top-level source. Their obsession ultimately doomed Gordievsky: the CIA officer assigned to identify him was none other than Aldrich Ames, the man who would become infamous for secretly spying for the Soviets.

Unfolding the delicious three-way gamesmanship between America, Britain, and the Soviet Union, and culminating in the gripping cinematic beat-by-beat of Gordievsky's nail-biting escape from Moscow in 1985, Ben Macintyre's latest may be his best yet. Like the greatest novels of John le Carré, it brings readers deep into a world of treachery and betrayal, where the lines bleed between the personal and the professional, and one man's hatred of communism had the power to change the future of nations.

Download or Read Online The Spy and the Traitor Ben Macintyre Free eBook PDF/ePub/Mobi/Mp3/Txt, The regular type of help documentation is really a hard copy manual that's printed, nicely bound, and functional. It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **the spy and the traitor** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realize your the spy and the traitor so overwhelming, you are able to go ahead and take instructions or guides in the manual individually. Select a special feature you wish to give attention to, browse the manual thoroughly, bring your product and execute what the manual is hinting to complete. Understand what the feature does, using it, and don't go jumping to a different cool feature till you have fully explored the actual one. Working through your owner's manual by doing this assists you to learn everything concerning your digital product the best and most convenient way. By ignoring your digital product manual and not reading it, you limit yourself in taking advantage of your product's features. When you have lost your owner's manual, look at product instructions for downloadable manuals in PDF

the spy and the traitor are a good way to achieve details about operating certain products. Many products that you buy can be obtained using instruction manuals. These user guides are clearly built to give step-by-step information about how you ought to go ahead in operating certain equipments. A handbook is really a user's guide to operating the equipments. Should you lose your best guide or even the product would not provide an instructions, you can easily obtain one on the net. You can search for the manual of your choice online. Here, it is possible to work with google to browse through the available user guide and find the main one you'll need. On the net, you'll be able to discover the manual that you might want with great ease and simplicity
