James Beard Book of the Year and Best International Cookbook (2016)

The James Beard Award-winning chef and co-owner of Philadelphia's Zahav restaurant reinterprets the glorious cuisine of Israel for American home kitchens.

Ever since he opened Zahav in 2008, chef Michael Solomonov has been turning heads with his original interpretations of modern Israeli cuisine, attracting notice from the *New York Times*, *Bon Appétit*, ("an utter and total revelation"), and *Eater* ("Zahav defines Israeli cooking in America").

Zahav showcases the melting-pot cooking of Israel, especially the influences of the Middle East, North Africa, the Mediterranean, and Eastern Europe. Solomonov's food includes little dishes called *mezze*, such as the restaurant's insanely popular fried cauliflower; a hummus so ethereal that it put Zahav on the culinary map; and a pink lentil soup with lamb meatballs that one critic called "Jerusalem in a bowl." It also includes a majestic dome of Persian wedding rice and a whole roasted lamb shoulder with pomegranate and chickpeas that's a celebration in itself. All Solomonov's dishes are brilliantly adapted to local and seasonal ingredients. *Zahav* tells an authoritative and personal story of how Solomonov embraced the food of his birthplace. With its blend of technique and passion, this book shows readers how to make his food their own.

The regular type of help documentation is really a hard copy manual that's printed, nicely bound, and functional. It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **zahav** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realize your **zahav** so overwhelming, you are able to go ahead and take instructions or guides in the manual individually. Select a special feature you wish to give attention to, browse the manual thoroughly, bring your product and execute what the manual is hinting to complete. Understand what the feature does, using it, and don't go jumping to a different cool feature till you have fully explored the actual one. Working through your owner's manual by doing this assists you to learn everything concerning your digital product the best and most convenient way. By ignoring your digital product manual and not reading it, you limit yourself in taking advantage of your product's features. When you have lost your owner's manual, look at product instructions for downloadable manuals in PDF
